

Product name:

NORTHERN FAIRY

Description:

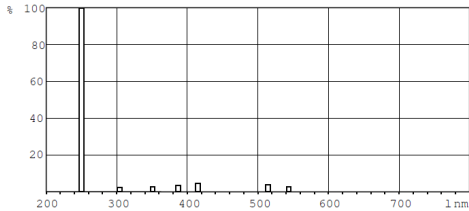

Domestic/semi-professional design system for air disinfection by UV-c ultraviolet radiation, designed for spaces up to 40m².

Technology:

Air disinfection using low consumption ultraviolet radiation (UVC). Designed with a forced ventilation program that produces constant air circulation. It hides the ultraviolet radiation, guaranteeing the absolute safety of the people living in the area to be disinfected.

Technical data

<p>Air circulation</p>	<ul style="list-style-type: none"> · Max. speed 4100 rpm; Max. sound 30db · Recirculation flow 30 m³/h
<p>Disinfection</p>	<ul style="list-style-type: none"> · Disinfection by UVC radiation · Wavelength: 254 nm · 1 lamps UV-C radiation power · Photometric data: <div style="display: flex; justify-content: space-around;">   </div>
<p>Electronic</p>	<ul style="list-style-type: none"> · On/Off switch
<p>Power Supply</p>	<ul style="list-style-type: none"> · AC 220 V · Power: 36W

Structure	· Aluminum
Dimensions	· Without legs: 400 x 68 x 680mm · With legs: 400 x 235 x 77mm
Weight	· 8.2 kg
Colors	Available in 5 colors: black, silver, matt grey, gold y bronze
